

## Become a Member of Kentucky Waterways Alliance!

When you join KWA as a new member you are supporting efforts to make sure Kentucky's waterways are restored and kept clean. Kentucky Waterways Alliance is your voice in the challenge to protect and restore Kentucky's waterways – the creeks, rivers, lakes, streams, licks, and branches that make our state water-rich. Kentucky Waterways Alliance strengthens partnerships within watersheds and communities, while working for more effective protection at the state and national level.
